Implement comprehensive training and technical assistance plan to assist all existing programs in moving to evidence based models.	The approach to professional development for H.V. direct supervisors and direct service is wise.	Agree.
Focus all programs on three key outcomes- reducing child abuse/neglect, improving child health and improving school readiness.	What are the measurements in these areas?	Agree; the performance and evaluation workgroup is addressing this.
	Alignment with the mental health competencies is wise.	Agreed, this and many other factors will be considered.
